Hearing Aid Assist Device at Quail Creek ⇨ If you are a member with Hearing Aids who still has difficulty hearing the speakers at the meal-plated meetings, Quail Creek does offer a Hearing Aid Assist Loop device. The Hearing Aid Assist is a loop system in the meeting room and can be turned on and individuals would wear a device around their neck which helps amplify the sound through their hearing aids. In order for this assist device to work the individual must have a Hearing Aid or Cochlear Implants with TeleCoil (T-Coil) capability. This device only works with hearing aids with this capability and will not work on individuals with no hearing aid at all.

If you or a guest would like to utilize this service at Quail Creek for future meetings, I ask that you notify us in advance so we can have it available for you. You can notify us by writing your request on your meeting reservation form or contact Peggy McGee 520-207-6188 or positivelypeggy@gmail.com.
